Schools Reopen on September 21st!

We are thrilled and so grateful to report the reopening of our schools in Zambia on September 21. Due to the Coronavirus pandemic and its affect on the country of Zambia, our schools closed on March 20, 2020 in compliance with the Zambian government's directives. During this closure, our staff continued to give food to the BCA students as well as school home work. Earlier in September, the President of Zambia made the declaration that schools would be allowed to reopen by September 28. After this declaration, there was further clarification by the Ministry of Education that allowed primary and secondary schools to reopen on the 21st with universities and colleges opening on the 28th. With the return of the students, safety protocols are put into place including taking the students' temperatures and the wearing of masks.

Praise God for His faithfulness and please continue to pray for the health of the BCA students, faculty, and staff as they return to school.

From all of us at BCA, we are incredibly grateful for your continued and faithful support as we faced this unprecedented time in the life of our ministry. Without your support, we simply could not carry out our mission. Thank you!
