Progress continues on the new lab building for the secondary school at the southern campus.

Help us reach 100% sponsorship of our students for the first time ever!

While it has always been a goal of BCA to have each of our students fully sponsored, gaps in sponsorship have been filled using the general fund in years past so that the students can have an uninterrupted education at our schools regardless of gaps in sponsorship. Thanks to the incredible generosity of our church partners and sponsors, we only have eleven students still in need of a sponsor to cover the cost of their uniforms, meals, and Christ-centered education. Please be in prayer for these students and consider sharing about your experience as a supporter of BCA with friends and family as we seek faithful sponsors to fill this need.

Meet our 11 students still in need of a sponsor:

Zambian Government Closes Schools Amidst Third and Worst Wave of Covid-19 Yet

The current third wave of Covid-19 in Zambia which started in May is devastating and claiming lives in double digits each day. The Zambian government has announced immediate closure of schools for 21 days. This 21 day period ends on July 6, and at that point the government will reevaluate the state of the health crisis. Our Zambia team has resumed monthly food distribution, which means that students will be collecting dry foods from the school.

School Desk Fund

We have reached 100% of our \$4,500 goal to purchase new desks for older students and to replace damaged desks. We will be able to purchase about 75 new desks with the funds.
